# — The Magic of Color —

by Tracy Kane

Can you imagine an Earth without color?  
No blue sky, green grass or  
brilliant red sunsets?

This is a story about two tribes who exist peacefully on an island in a world of black and white. A dramatic event occurs, creating two colors that transforms their lives.

When a third color appears on the mountain peak, both tribes set off on an adventure to claim this dazzling new treasure.

Their journey guides them to a startling encounter, and they discover a new world more wonderful than any they could imagine.
